## Don't Give Up Hope!

Our LAW FIRM has helped thousands of people and let us find the right solution for you!

Every taxpayer's situation is different and the solution for each person is different. Let us help you find the best alternative available to resolve your IRS back taxes. Possible solutions include:

- Stop Wage Garnishments
- Avoid Bank Levies
- Remove IRS Tax Liens
- Become Debt Free

- **Offer in Compromise.** An Offer in Compromise is a settlement with the IRS for less than what you owe. The IRS evaluates your ability to repay your back taxes on a number of factors such as your income, expenses and equity in assets. If you qualify, an Offer in Compromise is usually the best solution for resolving your IRS back taxes.
- **Installment Agreement.** Many taxpayers that cannot qualify for an Offer in Compromise still need resolution for their IRS liability. In these cases, we will work with your financial profile to negotiate an affordable and protective payment arrangements with the IRS that will work for you and your financial situation.
- **Currently Not Collectible Status.** If you do not qualify for an Offer in Compromise and cannot afford to pay a monthly payment plan, negotiating a Currently Not Collectible (CNC) status for you could be a great solution! If you are placed on a CNC status, the statute of limitations which is the time the IRS has to collect from you will continue to run but the IRS will not try to collect from you by a wage garnishment or bank levy.

To find out which solution is right for you give us a call. We will be happy to provide you with a free and confidential analysis.
